

# AVIO Lights

## year 2016 in review.

The most popular products are **Navigator Ultra** and **Navigator Ultra 360**. Those are our flagship products.

### Main markets

The majority of our revenue is derived from European market while approximately 20% of our revenue comes from customers outside of Europe, mainly from the U.S. and Australia.

### Sales distribution

We mainly focus on cooperation with individuals - this is resulting in about 80% of our sales. Rest 20% of our sales is done with aircraft manufacturers.

**35% Growth of sales**

### Applications

Our lighting products are designed mainly for aviation industry. The majority of our lights is installed in airplanes, helicopters and gyrocopters. However we also delivered some lights for boats and UAVs.
